

The “Brain Gate” Allows You To Make Women Crave Sex....

(featuring: ‘oh no – The 5 Spark Virus’)

To me, information is pure gold....

Let me rephrase that ‘good, insightful, usable, life changing’ information is pure gold...

The reason is brain dead simple....

And before I get to the exact reason I will tell you right now that you will have an advantage over anyone in life if you realize the “simple piece of gold” that I am about to share my friend...

A simple piece of gold....

The reason is this:

‘good, insightful, usable, life changing’ information upgrades your philosophy...

‘good, insightful, usable, life changing’ information upgrades your “philosophy of how you approach things in life”...

‘good, insightful, usable, life changing’ information upgrades your “mental motor”...

I always tell people that the difference between Men Who Can Effortlessly Get Whatever He Wants In Life and Men Who Wake Up One Day And Realizes That He Has Been Just Gliding Through Life is their “**Mental Motor**”

In other words, it doesn’t take a “computer brain” rocket scientist to realize that your **results** in life (ie how he is able to **make women crave sex**, or do anything) will be driven by his Mental Motor...

Some guys have Ferrari Mental Motors.

Some guys have Ford Pinto Mental Motors.

Some guys have Mercedes Benz Mental Motors.

Some guys have Ford Pinto Mental Motors.

The 5 Spark Virus

Your brain is your “mental motor” – and it is your “mental motor” that determines every result you get in life...

Here’s what I mean, recently (May 12, 2006) I sent out a surprise report to my customers – entitled “the Magic Coin”... and if you received it you realize that it was a technique to increase your sexual value fast...

But I did something foolish, and never explained why I called it “The Magic Coin”...

How foolish of me!

Well to make a long story short I was helping a neighbor experience a great sex life with his wife --- I told him “something magical” ...and then he told me that the information was “**pure gold**”

You should have seen the expression on his face! (priceless)

And I loved the fact that he said that because that is how I look at information....

I always like to imagine pressing a secret button on my wrist...and when no one is around, the top of my head opens up like an ‘automatic gate’ (like the kind that protects mansions!)

And once the “brain gate” is fully open, the Pure-Gold Information slowly flies in... in other words, a **magic gold coin** floats into my brain... and then “the brain gate” closes... and I have the information (the gold coin) inside my brain!

I know it sounds silly...

The cool thing is I know for fact, that anytime I need to use this information I can just...

ACTIVATE THE COIN and then PRESTO!

(this is like magic)(if you get what I’m saying)

Does it make sense?

Excellent!

So that’s why I called that report “The magic coin.”

But it gets better, because I’m about to do something crazy!

The 5 Spark Virus

So if read the Magic Coin, and it made sense to you (and you another one of those gold coins in your brain, then **get excited** because I got something I have to explain right now!

How would you like to learn 4 more mind blowing techniques that are designed to increase your sexual value fast... (and if you never received “the magic coin” that would be 5 for you)

And by the way, I strongly believe that...

Increasing your sexual value, is one of the most important things you can ever do for yourself!

(because in addition to becoming more desirable to that special lady, your overall life has to improve – for so many reasons)

So I have created 4 more “Magic Coins”...

Except I now refer to them as **Mental Spark Plugs**, because I want you to think of these Golden Techniques as devices that electrifies, wakes up, and super charges your Mental Motor...(specifically for the purpose of turning women on)

In summary:

I have very bad news for you...

You have just been infected with the “5 Spark Virus”

Don’t worry it’s not deadly.. I’ll explain what it is...

It’s a virus where you have 5 imaginary spark plugs floating over your head – impatiently waiting for you to open your “brain gate” so that they can float in...

And they actually talk! I know it sounds weird, but they are friendly... and they only want to help.

In order for them to help - you have to open your mind and let them in... (see the illustration at 5SparkPlugs.com) and the “cartoon” instructions...

In summary: You must realize that starting now, there are 5 imaginary Spark Plugs floating over your head (look up). You can’t see them, because they are imaginary...and they will be floating over your head for 7 days! (or until you “secretly” open your Brain Gate to let them in...)

The 5 Spark Virus

Once you Super Charge Your Mental Motor with these Fresh out of the oven “make women go insanely wild” strategies, I want you to realize that **nothing is greater than learning about new ways to increase your sexual value...**
